

Kaiser Permanente 2026 Annual Medicare Sales Compliance Training

National Medicare Marketing & Sales

We are moving from Miramar: Agent to EvolveNXT Training Go-Live is August 6, 2025

- Expected Benefits

- The new platform has clear progress indicators, and no issues related to pop-up blockers or preferred web browsers.
- Agents will no longer upload an AHIP certificate PDF. The certificate will be shared with KP electronically.
- Agents can access the training with iPhones, iPads, or safari browsers.
- **Exams will automatically save progress** for students. Attempts will only be counted after the agent has fully completed the exam and achieved a score.
- Kaiser will send EvolveNXT platform a file that identifies learners. Therefore, **there are no longer Registration PINS to access training.**
- Exam scores and program requirements will be the same as always.

AHIP Certifications:

We are partnering with AHIP to create a Kaiser-AHIP co-branded website link which will be embedded in the EvolveNXT training program.

- If you already have taken AHIP Medicare+ FWA, you will use the link to share your certificate with Kaiser Permanente.

-OR-

- If you have not taken AHIP, you can use the same link to purchase the training at a discount rate and share the results with KP

Enrollment, Demographic files, and RTS Reports

- Agents will be enrolled in training through a daily file that we send to EvolveNXT.
 - Agent's account and training program will be set up on their behalf.
 - Agents will not receive a registration PIN.
 - Agents will receive an email from EvolveNXT with a link and instructions.
 - Only agents that completed the 2025 training will be set up in the new system as well as new agents onboarding.
- Daily file will require Agents' First Name, Last Name, Email, NPN, and designated training program
 - **Agents' email must be accurate, for them to receive the EvolveNXT communication for training**
- The RTS reports to the FMOs will remain the same
